CORPORATE GOVERNANCE PRINCIPLES

Selection and Composition of the Board

1) Board Membership Criteria

The Governance Committee is responsible for reviewing with the Board, on an annual basis, the appropriate skills and characteristics required of Board members in the context of the current make-up of the Board. Recognizing that the contribution of the Board will depend not only on the character and capacities of the Directors taken individually, but also on their collective strengths, the Board should be composed of:

- a. Directors chosen with a view to bringing to the Board a variety of experience and background;
- b. Directors who will form a central core of business executives with financial expertise;
- c. Directors who have substantial experience outside the business community – in the public, academic or scientific communities, for example;
- d. Directors who will represent the balanced, best interests of the shareholders as a whole rather than special interest groups or constituencies;
- e. At least one Director who has the requisite experience and expertise to be designated as an “audit committee financial expert” as defined by applicable rules of the Securities and Exchange Commission; and
- f. A majority of Directors who are Independent (as defined below).

The Governance Committee and the full Board believe the following minimum qualifications must be met by a Director nominee to be recommended by the Governance Committee to the full Board:

- a. each Director should be chosen without regard to sex, sexual orientation, race, religion or national origin;
- b. each Director should be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others;
- c. each Director should be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;
- d. each Director should possess substantial and significant experience which would be of particular importance to the Company in the performance of the duties of a director;
- e. each Director should have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director; and
- f. each Director should have the capacity and desire to represent the balanced, best interests of the shareholders as a whole and not primarily a special interest group or constituency and be committed to enhancing long-term shareholder value.

2) Selection and Orientation of New Directors

The Board itself is responsible for selecting its own members and recommending them for election by the shareholders. The Board delegates the screening process involved to the Governance Committee, which recommends to the Board the names of qualified candidates to be nominated for election or re-election as Directors in accordance with the criteria set forth in these Corporate Governance Principles and the Governance Committee

Charter. The Board and the Company have implemented an orientation process for new Directors that includes background material, meetings with senior management and visits to Company facilities.

The Governance Committee will consider persons properly recommended by shareholders to become nominees for election as Directors in accordance with the criteria set forth in these Corporate Governance Principles.

Recommendations for consideration by the Governance Committee should be sent to the Secretary of the Company in writing together with appropriate biographical information concerning each proposed nominee. The Company's Articles of Association also set forth certain requirements for shareholders wishing to nominate director candidates directly for consideration by shareowners.

3) Extending the Invitation to a Potential Director to Join the Board

The invitation to join the Board should be extended by the Board itself via the Chairman of the Board and Chief Executive Officer of the Company, together with an independent director, when appropriate.

Board Leadership

4) Selection of Chairman and Chief Executive Officer

The Articles of Association of the Company permit the Chairman of the Board and the Chief Executive Officer to be the same or different persons. The Board is free to make this choice in any way that the Board deems to be in the best interests of the Company and its shareholders. Therefore, the Board does not have a policy, one way or the other, on whether or not the role of the Chairman of the Board and Chief Executive Officer should be separate or combined and, if it is to be separate, whether the Chairman should be selected from the non-employee Directors or be an employee.

The Board will select an independent Lead Director whenever the Chairman is not an independent Director.

Board Composition and Performance

5) Size of the Board

The Board is limited to no less than nine members and no more than twelve members by the Articles of Association of the Company. The consensus of the Board is that any size in this range is appropriate. Any change to the minimum or maximum number of members of the Board would require shareholder approval.

6) Mix of Management and Independent Directors

At least a majority of the Board shall be Independent Directors. The Board believes that management should encourage executive officers to understand that Board membership is not necessary or a prerequisite to any higher management position in the Company. Executive officers other than the Chief Executive Officer currently attend portions of Board meetings on a regular basis even though they are not members of the Board.

7) Board and Compensation Committee Definitions of What Constitutes Independence for Directors

I. For a Director to qualify as "Independent" for purposes of the Board generally:

- a. The Board of Directors must affirmatively determine that the Director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a material relationship with the Company) that would prevent the Director from acting independently of management of the Company, taking into account all relevant facts and circumstances. The Board shall consider both from the standpoint of the Director and from the standpoint of the persons or organizations with which the Director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, among others.

- b. Presently and within the immediately preceding three (3) year period:
- i) the Director shall not be or have been an employee of the Company or any affiliate of the Company, other than as interim CEO or Chairman; an Immediate Family Member shall not be an executive officer of the Company or any affiliate of the Company;
 - ii) the Director shall not be or have been affiliated with or employed by a present or former (during the immediately preceding three (3) year period) internal or external auditor of the Company; an Immediate Family Member shall not be or have been affiliated with or employed in a professional capacity by a present or former (during the immediately preceding three (3) year period) internal or external auditor of the Company;
 - iii) neither the Director nor an Immediate Family Member shall be or have been employed (during the immediately preceding three (3) year period) as an executive officer of another company where an executive officer of the Company serves on the compensation committee of such other company;
 - iv) the Director shall not be an executive officer or an employee of another company (A) that accounts for at least \$1 million or two percent (2%), whichever is greater, of the Company's consolidated gross revenues or (B) for which the Company accounts for at least \$1 million or two percent (2%), whichever is greater, of such other company's consolidated gross revenues; an Immediate Family member shall not be an executive officer of another company (A) that accounts for at least \$1 million or two percent (2%), whichever is greater, of the Company's consolidated gross revenues or (B) for which the Company accounts for at least \$1 million or two percent (2%), whichever is greater, of such other company's consolidated gross revenues; or
 - v) neither the Director nor an Immediate Family Member shall receive or have received more than \$100,000 per year during the immediately preceding three (3) year period in direct compensation from the Company (other than director and committee fees and pension or other forms of deferred compensation, so long as such compensation is not contingent in any way on continued service).

c. For purposes of the independence determination,

“Immediate Family Member” includes a Director's spouse, parents, children, siblings, mothers and father-in-law, sons and daughters-in-law and brothers and sisters-in-law and anyone who shares the same home as such Director (other than domestic employees).

“Company” includes any parent or subsidiary in a consolidated group with the Company.

II. For a Director to qualify as “Independent” for purposes of the Compensation Committee:

The Board of Directors must affirmatively determine the independence of such Director, considering all factors specifically relevant to determining whether a Director has a relationship to the Company which is material to that Director's ability to be independent from management in connection with the duties of a Compensation Committee member, including, but not limited to:

- a. the source of compensation of such Director, including any consulting, advisory or other compensatory fee paid by the Company to such Director; and
- b. whether such Director is affiliated with the Company, a subsidiary of the Company or an affiliate of a subsidiary of the Company.

8) Former Chairman/Chief Executive Officer's Board Membership

When a Chairman of the Board or Chief Executive Officer resigns from that position, he or she shall submit his or her resignation from the Board at the same time. Whether the individual continues to serve on the Board is a matter to be determined by the Governance Committee and the Board. The Board believes this is a matter to be decided in each individual instance. A former Chairman or Chief Executive Officer serving on the Board will not be considered an independent Director.

9) Directors Who Change Their Present Job Responsibility

When a Director's principal occupation or business association changes substantially from the position he or she held when originally invited to join the Board, the Director shall submit an offer to tender a letter of resignation for the Governance Committee to consider. The Committee will review whether the new occupation, or retirement, of the Director is consistent with the specific rationale for originally selecting that individual and the guidelines for Board membership. The Committee will recommend to the Board any action to be taken in connection therewith.

All Directors are encouraged to limit the number of other boards (excluding non-profits) on which they serve, taking into account potential board attendance, participation and effectiveness on these boards. In order to permit more effective participation by every Director, the Board has determined to limit the number of Boards of Directors on which any Director may sit to four Boards in addition to the Company's. All Directors shall advise the Chief Executive Officer, the Chairman of the Board and the Chairman of the Governance Committee in advance of accepting an invitation to serve on another board or the audit committee of another board. The Company will review any potential conflicts of interest or other matters that may affect the Director's independence and advise the Chairman of the Governance Committee as to the results of the review. The Chairman of the Governance Committee will confirm suitability of the proposed directorship or audit committee membership with the Director prior to his or her acceptance of the position. If a Director desires to accept a position on the Board or the audit committee of another public company, that Director must confirm to the Board of the Company that he or she has the time and the capability, notwithstanding the new position, to fulfill his or her responsibilities as a Director of the Company.

10) Term Limits

The Board has not adopted term limits for non-employee Directors.

11) Vacancies in Directorships

Vacancies in directorships may only be filled by the directors or the shareholders in accordance with the Articles of Association.

12) Retirement Age

When a Director reaches the age of 75, the Director shall submit to the Board to consider an offer to tender such Director's resignation effective as of the first annual meeting of the Company's shareholders after such time. The Governance Committee shall review the Director's continued qualifications and contributions to the Board and recommend to the Board any action to be taken in connection with such offer.

13) Board Compensation and Stock Ownership Guidelines

It is appropriate for the staff of the Company to report once a year to the Governance Committee the status of the Pentair Board compensation in relation to its peers and the targeted comparable companies. As part of a Director's total compensation and to create a direct linkage with corporate performance, the Board believes that a meaningful portion of a Director's compensation should be provided and held in stock options and/or common stock units. Within five years after election, Directors are expected to acquire and hold Company stock or stock equivalents having a value equal to five times the annual retainer for Directors.

Compensation for non-employee Directors and Committee chairpersons shall be consistent with the market practices of other reasonably comparable companies, but shall not be at a level or in a form that would call into question the Board's objectivity. Directors who are employees of the Company will receive no additional compensation for serving as a Director of the Company.

Changes in Board compensation, if any, should come at the suggestion of the Governance Committee, but with full discussion and concurrence by the Board.

14) Executive Sessions of Independent Directors

The non-employee Directors of the Board will meet in Executive Session at each regular meeting of the Board and as needed at each special meeting of the Board. If the non-employee Directors include directors who are not Independent Directors, then the Independent Directors will meet at least once a year in Executive Session including only Independent Directors. Executive Sessions will be chaired by the Lead Director selected by the Board.

15) Assessing the Board's Performance

The Governance Committee is responsible to report annually to the Board an assessment of the Board's performance. In addition, each Committee is responsible to report annually to the Board an assessment of that Committee's performance. These assessments will be discussed with the full Board, which will evaluate whether the Board and its committees are functioning effectively. This should be done following the end of each fiscal year and at the same time as the report on Board membership criteria.

These assessments should be of the Board's contribution as a whole and specifically review areas in which the Board and/or the management believes a better contribution could be made in order to increase the effectiveness of the Board.

16) Director Continuing Education

All Directors are encouraged to attend appropriate director continuing education programs. The fees for one such program per year, including reasonable travel and out-of-pocket expenses, will be paid by the Company to the extent not paid or reimbursed by any other organization.

Responsibilities of the Board

17) Responsibilities and Duties

The primary responsibility of the Board is to oversee the performance of the Company, its plans and prospects, as well as immediate issues facing the Company. Directors are expected to attend all scheduled meetings of the Board and the Committees on which they serve and all meetings of shareholders. In addition to its general oversight of management and its duties set forth in the Company's Articles of Association, the Board (either directly or through its committees) also performs a number of specific functions, including:

- a. Representing the interests of the Company's shareholders in maintaining and enhancing the success of the Company's business, including optimizing long-term returns to increase shareholder value;
- b. Selecting, evaluating and compensating a well-qualified Chief Executive Officer of high integrity, and overseeing Chief Executive Officer succession planning;
- c. Providing counsel and oversight on the selection, evaluation, development and compensation of senior management;
- d. Reviewing, approving and interacting with senior management with respect to the Company's fundamental financial and business strategies and major corporate actions, including strategic planning, management development and succession, operating performance and shareholder returns;
- e. Assessing major risks facing the Company and reviewing options for their mitigation;
- f. Ensuring processes are in place for maintaining the integrity of the Company, the integrity of its financial statements, the integrity of its compliance with law and ethics, the integrity of its relationships with customers and suppliers and the integrity of its relationships with other stakeholders; and
- g. Providing general advice and counsel to the Chairman of the Board, Chief Executive Officer and other senior management personnel.

18) Board Access to Independent Advisors

The Board and each committee are authorized to retain and consult with independent advisors, as is necessary and appropriate, without consulting management.

19) Shareholder Communications with Directors

Shareholders and other interested parties may communicate with the full Board, non-employee Directors as a group or individual Directors, including the Lead Director, if any, or the Director who chairs Executive Sessions, by providing such communication in writing to the Company's Secretary, who will directly provide such communication to the full Board or specified Directors, as the case may be.

Board Relationship to Senior Management

20) Regular Attendance of Non-Directors at Board Meetings

Senior management non-Board members may attend the meetings of the Board at its discretion. In addition, the Board may request the attendance of other individuals as necessary or appropriate.

21) Board Access to Senior Management

Board members have complete access to the Company's management. Board members will use their judgment to be sure that this contact is not distracting to the business operation of the Company.

Furthermore, the Board encourages the management to, from time to time, bring managers into Board meetings who: (a) can provide additional insight into the items being discussed because of personal involvement in these areas, and/or (b) are managers with future potential that the senior management believes should be given exposure to the Board.

Meeting Procedures

22) Selection of Agenda Items for Board Meetings

The Chairman of the Board will establish the agenda for each Board meeting in consultation with the Lead Director. Each Board member is free to request the inclusion of additional items on the agenda.

23) Board Materials Distributed in Advance

Information and data that is important to the Board's understanding of the business will be distributed in writing to the Board before the Board meets with reasonable time provided for review.

24) Board Presentations

As a general rule, presentations on specific subjects should be sent to the Board members in advance so that Board members are adequately informed and prepared and discussion time focused on questions that the Board has about the material.

Committee Matters

25) Number, Structure and Independence of Committees

From time to time, the Board may want to form a new committee or disband a current committee depending upon the circumstances. The current three committees are Audit and Finance, Compensation and Governance. The Audit and Finance, Compensation and Governance committees shall be composed solely of Independent Directors.

26) Assignment and Rotation of Committee Members

The Governance Committee is responsible, after consultation with the Chairman of the Board and with consideration of the desires of individual Board members, for the assignment of Board members to various committees.

It is the sense of the Board that consideration should be given to rotating Committee members periodically, but the Board does not believe that such a rotation should be mandated as a policy since there may be reasons at a given point in time to maintain an individual Director's committee membership for a longer period.

Any Board member is welcome to attend the meetings of any Committee of the Board, whether or not a member of such Committee.

27) Frequency and Length of Committee Meetings

The Committee Chair, in consultation with committee members, will determine the frequency and length of the meetings of the Committee.

28) Committee Agenda

The Chair of the Committee, in consultation with the appropriate members of the Committee and management, will develop the Committee's agenda.

Leadership Development

29) Formal Evaluation of the Chief Executive Officer

The Compensation Committee, with input from the other Independent Directors, shall evaluate the Chief Executive Officer annually, and it should be communicated to the Chief Executive Officer by the Chair of the Compensation Committee and the Lead Director. The evaluation should be based on objective criteria including performance of the business, accomplishment of long-term strategic objectives, development of management, etc. The evaluation will be used by the Compensation Committee in the course of its deliberations when considering the compensation of the Chief Executive Officer.

30) Succession Planning

The Governance Committee and the Chief Executive Officer will provide to the Board an annual report on succession planning.

There should also be available to the Governance Committee Chair and the Lead Director, on a continuing basis, the Chief Executive Officer's recommendation as a successor should the Chief Executive Officer be unexpectedly disabled. If such a vacancy occurs, the Governance Committee shall recommend a successor, whether interim or permanent, to the Board.

Nothing in these Corporate Governance Principles is intended to expand the fiduciary duty or other legal obligations of Board members or officers of the Company beyond those provided for under applicable law or regulation.
